Lagos, Nigeria | (+234) 8107614336 | debbiegterra@gmail.com | <https://omolara5861.github.io>

PROFESSIONAL SUMMARY

Dedicated Software Engineer with an excellent blend of people management. Reliable and highly organized team player with excellent interpersonal and effective communication skills, team building, and conflict resolution. Driven with passion to work in an organization where my skills can be enhanced and utilized maximally.

PROFESSIONAL EXPERIENCE

TheoWorld IT Services (TWITS), Ikeja, Lagos

April 2022 - Present

Coding Instructor (Part-Time)

- Carefully develop and implement training materials for new and existing coders weekly and present virtual training classes via Zoom/Google Meet video conference
- Keep track of students' progress to determine the overall success of the learning program. I evaluate and revise lesson plans and course content to achieve student-centered learning
- Provide useful resources, texts, links, visual aids, and other materials to aid learning and apply various teaching aids to minimize learning gaps and instruct and motivate students
- Use learning assessments to regularly monitor student understanding of class concepts and materials. I place a high value on punctuality and work hard to maintain an excellent attendance record
- Earn positive feedback from parents regarding classroom instruction and student learning success

Shipthis, Bengaluru, Karnataka, India (Remote)

April 2022 – September 2022

Software Engineer Intern

- Worked closely with backend developers and designers to develop well-designed, testable, efficient code by using the best software development practices
- Demonstrated hands-on development of websites, which includes developing web pages based on wireframes and visual design
- Created, enhanced, and ran automated test cases

Genius Techub, Remote

July 2021 – August 2022

Freelance Web Developer

- Programmed web solutions for clients using HTML, CSS, and JavaScript frameworks
- Built several mobile applications that meet development standards and client's needs
- Provided clear documentation and technical support to the end users of each site
- Developed and maintaining the website, front-end functionality of the website to produce clean code that follows the design and functional specifications

Grace Meridian Schools, Lekki Penninsula II 106104, Lagos

July 2021 – July 2022

WordPress Developer

- Made regular backups of the site and publish new contents
- Leveraged strong understanding of WordPress core to manipulate admin and theme components
- Converted design assets into component-based HTML, CSS and JavaScript
- Prioritizing and fixing the site-related design problems and taking the initiative to implement new features based on feedback from users
